Maybe even better than free.

Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. So try our free and simple filehosting service now. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. If only we could, we surely would!On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, datais being transferred between your computer or phone and our servers, then from our servers to your friends device. You don't need any special softwareinstalled to be able to download your files. Using file, you can circumvent those limits without paying to upgrade your team chat service. Alternatively you canchoose to share your download links on blogs, forums and social networking sites. Any file in any format can be uploaded and downloaded for free. Simplyupload your file and share the link. You can give this download link to your friends by mail or instant messenger. Keep your files private, or send yourdownload links only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred theold-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You decide who you want to share your files with.File is free to use with no gotchas and no hidden fees. We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to getstarted. You can upload any type of file (movies, music, documents, images, zip files and more). There are no restrictions on the number of times a file can bedownloaded. Just upload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can't make that part free.This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from our high speedservers. filehosting provides an easy possibility for you to send large files to your friends.
