A foundation of strength, support, relief, and research.

Engaging minds. Uplifting spirits.

In a joint effort with Foundation Peace, and Kenneth W. Culver, M.D., the Breast Cancer Research and Support Fund provided medicines, medical equipment, and medical supplies to help those most in need.

The Board of Directors proudly announces, due to the generosity of its donors, that the program services for 2013 was \$5,720,328. The Board also thanks all our participants for supporting the Charities ongoing efforts, you have made a difference in the lives of thousands of victims suffering with Breast Cancer.

Though the Breast Cancer Research and Support Fund just recently began in 2010, we are proud to report that the program has generated the following service amounts:

2011: \$2,020,096

2012: \$3,937,943

2013: \$5,720,328

Encourage. Support. Endure.

About us

Breast Cancer Research and Support Fund is a special project of [Community Charity Advancement](#) which provides funding for breast cancer research, educational information, treatment supplies, and support to breast cancer patients and survivors. We believe that some day soon, research will produce a cure for this life-changing disease.

The board members of the Breast Cancer Research and Support Fund are individuals who are passionate about and dedicated to working toward eliminating breast cancer.

Meet Our Board

President, Francis P. Ferrer, Jr. His father was a physician in New York. He grew up knowing first hand about cancer patients and the importance of prevention as well as proper treatment. Francis lost his mother to a prolonged battle with cancer.

Board Member: Kerri Ann Sharon, as a Certified Registered Nurse, experienced the devastation of Breast Cancer, not only to the patient, but also to the families of those physically suffering. Over the last several years, she has donated her time to assisting those suffering from terminal disease. Her personal goals are to assist and comfort those that are victims of cancer, and more importantly, find a cure so our future generations will no longer be confronted with the horrific devastation of cancer.

Program Partners

- Auburn University Research Institute in Cancer
